Tape

# RAPiTAPE™ PRO

Scan the QR  
code for  
more details.

The ultimate lightweight  
manual tape safety  
applicator.

Lightweight carbon fiber

Reduced wrist strain

Magnetic docking

Less roll changes

Safety cutter

Packaging made smarter.

At Carlton, we reimagine packaging processes and materials, creating innovative solutions that boost efficiency and productivity. Rapitape Pro is the new lightweight carbon fiber manual tape safety applicator, engineered for speed, strength, operator safety and high volume performance. Faster tape loading and fewer roll changes keep operations moving without interruption. With magnetic docking, and upto a 20% lighter frame, Rapitape Pro is the new generation for manual carton sealing in busy pack operations globally.

## At a glance

- Magnetic docking
- Up to 20% lighter carbon fiber frame reduces wrist strain
- Ergonomic grip
- Safety blade mechanism
- 50mm core minimizes roll changes

**Rapitape Pro delivers elite performance when used with the following tapes.**

Brand	Product Code	Product description
